Customs Trade Partnership Against Terrorism (CTPAT) – Statement of Support

Bitumar Inc. is the producer of liquid bitumen products for use in asphalt blends and the roofing industry, and has been a proud member of the U.S. Customs and Border Protection (CBP) CTPAT program since May 4, 2006.

From its inception in 2001, CTPAT remains a voluntary public-private sector partnership program where members work with CBP to strengthen their international supply chains and ultimately improve border security, protecting the supply chain from criminal activities such as drug trafficking, terrorism, human smuggling, and illegal contraband.

Bitumar Inc. has developed, and maintains, a multi-layered security program that is consistent with the CTPAT minimum-security criteria (MSC), and remains committed to protecting our organization and the supply chain from any illegal or illicit activities.

Security is everyone's responsibility. All employees and business partners, including contractors, service providers, and visitors are educated and must comply with the company's CTPAT policies and procedures that are in place at each facility.

Paul Regimbald

CTPAT Program Manager
